Everybody knows what its like to be parked next to Phil at the shows, bees around a jam pot springs to mind.

TECHNICAL TYPICAL OVERDRIVE CIRCUIT

Lorraine and Richard visit MGOC at Swavesey.

The journey should have taken us 45 minutes as we were staying with our son in Peterborough, unfortunately there was a diversion on the A14 which took us 20 miles out of our way. As you enter the shop there are 5 beautiful cars on display, a TC belonging to the owner, a RV8, MGB, TF and a MG V8 they all looked as if they just came out of a new car showroom. Lorraine talked to the office staff about insurance while Richard looked round the shop, with so much to see he actually forgot to get the part he required, however he did buy a rather nice water-proof coat.
